This accessibility statement applies to the Scoil Mhuire na nGael website at www.bayestatens.com.

Compliance Status

This website is partially compliant with the requirements of the European Union (Accessibility of Websites and Mobile Applications of Public Sector Bodies) Regulations 2020. The website is being developed and maintained with reference to the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA, subject to the non-compliances and exemptions outlined below.

Non-Accessible Content

The following content is not fully accessible for the reasons outlined:

- Some images on the website do not have appropriate alternative text
- Some PDF documents, particularly older or archived documents, may not be fully accessible
- A skip to main content mechanism is not currently available for keyboard navigation
- Some text and background colour combinations may not fully meet recommended contrast ratios
- Content provided by third-party platforms or external providers may not fully conform to accessibility standards

The school is taking steps to improve accessibility where practicable and to ensure that newly published content is accessible.

Disproportionate Burden

Some older documents and archived materials published prior to the introduction of the 2020 Regulations are not fully accessible. Remediation of all such content would place a disproportionate burden on the school at this time. Where appropriate, accessible alternatives will be provided on request.

- Reviewing and updating alternative text for images
